

# CHAIN LINK FENCE

Chain Link Fence, also called Cyclone Fence or Diamond Mesh Fence. As a versatile Fence, using the woven steel wire to make the panel, it is widely used in everywhere. Due to the different applications, it is available in various wire gauges and mesh sizes. All Fence rolls are completed with line wires and knuckled edges. What's more, the Chain Link Fence with barbed edges is more popular and has higher security.

## FEATURES

- See through panels
- Economical product
- Easy installation
- Full range of RAL colours available
- Strong anti rust and corrosion

## SUITABLE FOR

- Gardens
- Sports grounds
- Industrial Sites
- Residences
- Events for crowd control
- Farms

## DIMENSIONS

**HEIGHT:** 1200mm / 1400mm / 1600mm / 1800mm / 2000mm / 2200mm

**WIDTH:** 2000mm / 2500mm / 3000mm

**WIRE THICKNESS:** 2.5mm / 3.0mm / 3.5mm / 4.0mm / 4.5mm / 5.0mm

**MESH SIZE:** 40mm\*40mm / 50mm\*50mm / 75mm\*75mm

**FLAT BAR:** 25.0mm\*5.0mm

**CLAMP:** Metal clamp

**POST:** Round Post (dia 42mm / 48mm / 50mm / 60mm / 75mm)

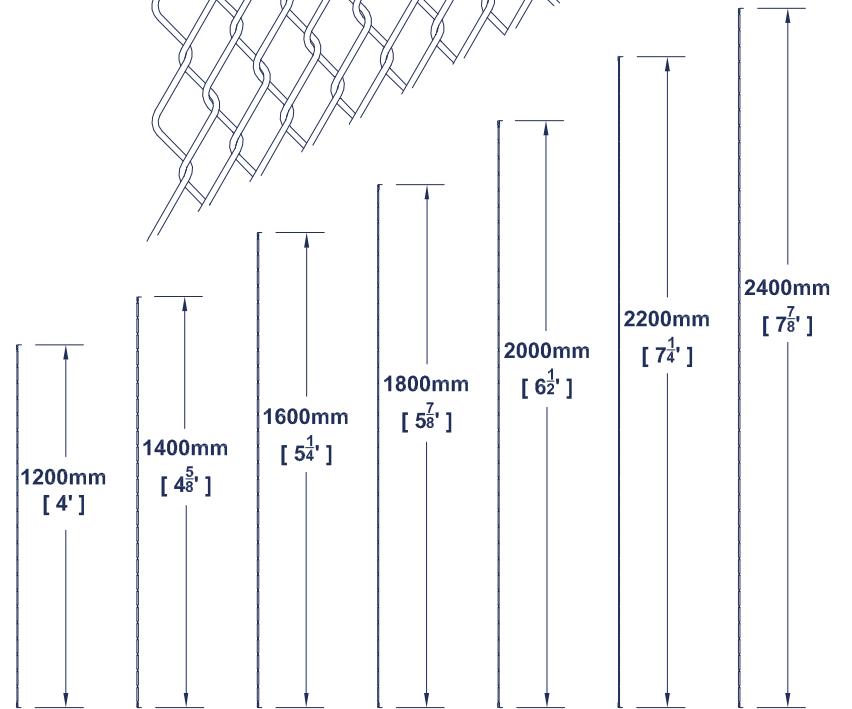

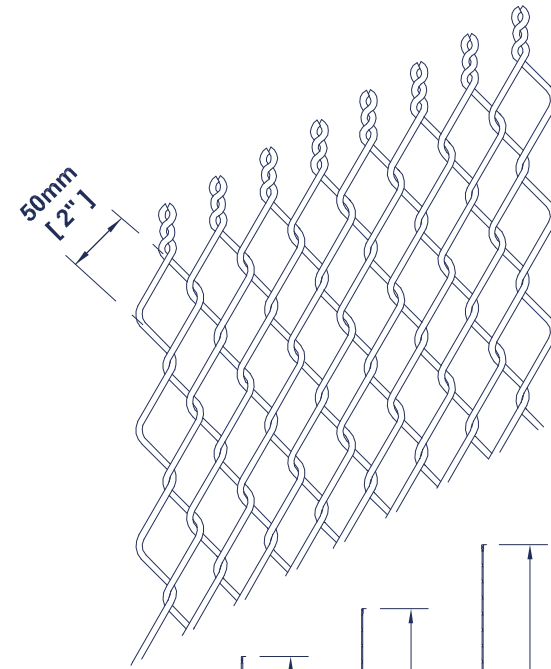

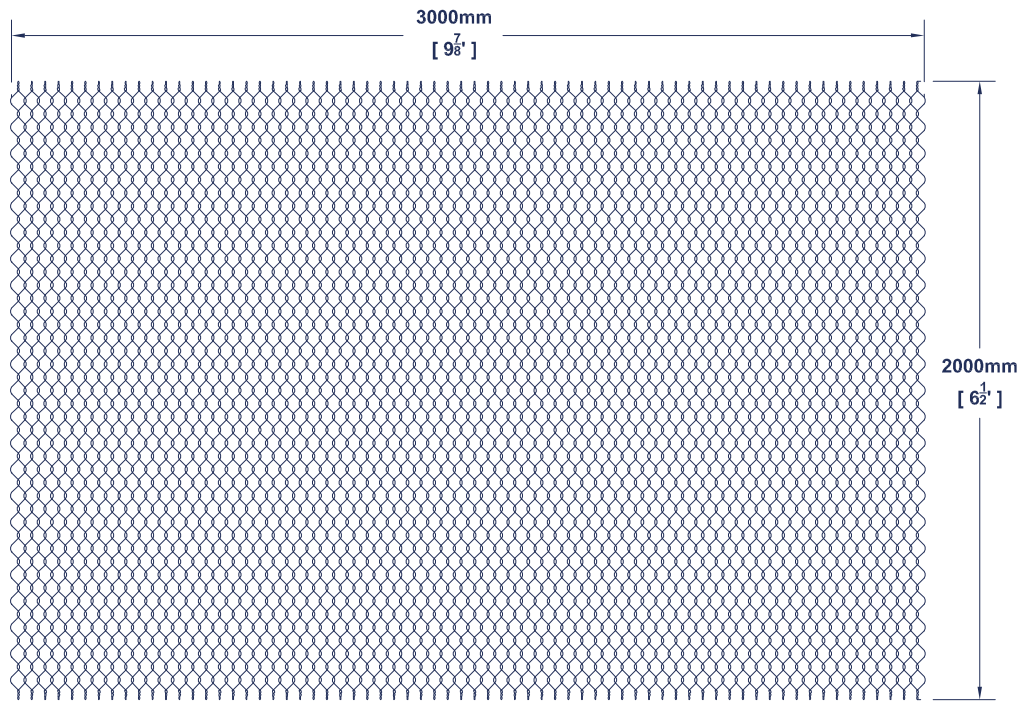

**POST CAP:** Metal Rain Cap / Anti-UV PP Cap

**POST SIZE:** swallow tail post (48mm / 60mm)

**SURFACE:** Hot Dipped Galvanized (100 / 200 / 250 / 280g/m<sup>2</sup>) / Electric Galvanized + Polyester Powder Coated (All colors in Ral)
