ZIZI HOLDINGS

PALISADE FENCE

Palisade Fence is widely used in the industry. As a commercial fence, using hot formed and cold rolled steel belts to form a secure panel. Palisade Fence can prevent us from most of the intrusions. There are also three types of tops, including “W” profile, “D” profile and angle iron. The Palisade Fence can also prevent crime for the private residents.

FEATURES

- See through panels
- Economical product
- Easy installation
- Vandal resistance
- Imposibble to climb

SUITABLE FOR

- Parks
- Schools
- Industrial Sites
- Residences
- Utilities
- Perimeter - Medium/High Security

DIMENSIONS

HEIGHT: 1200mm / 1400mm / 1600mm / 1800mm / 2000mm / 2200mm / 2400mm

WIDTH: 2750mm / 3050mm

PALE TYPE: W-profile / D-profile / Angle Steel

PALE TOP: Single Pointed / Triple Pointed / Round Top / Square Top

PALE THICKNESS: 1.5mm / 2.0mm / 2.5mm / 3.0mm

HORIZONTAL RAIL: Angle Steel 40mm*40mm*4.0mm / 45mm*45mm*4.5mm / 50mm*50mm*5.0mm

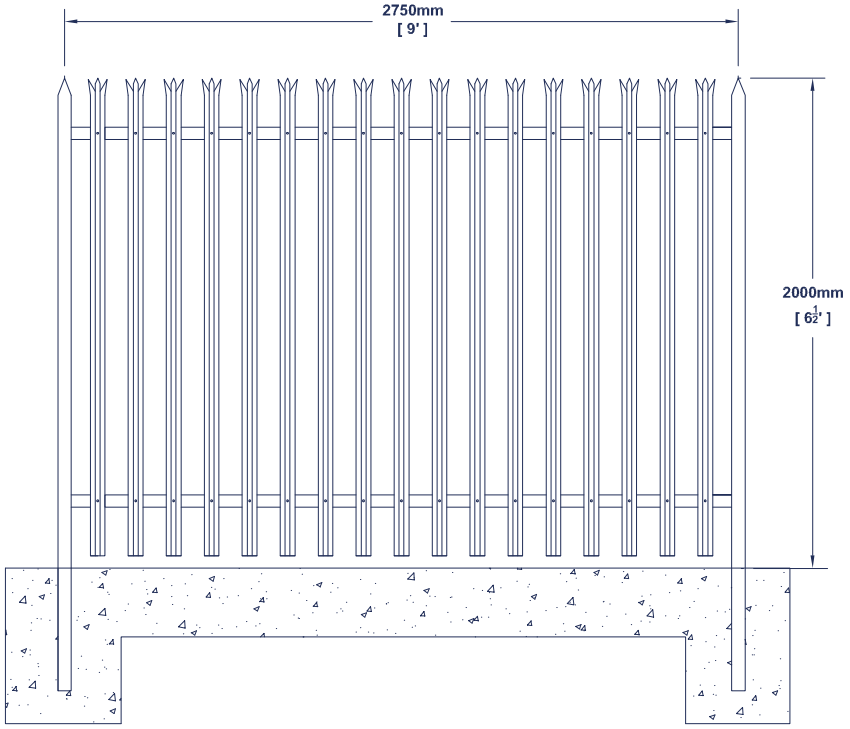
POST: 100mm*55mm / 102mm*44mm (IPE post)

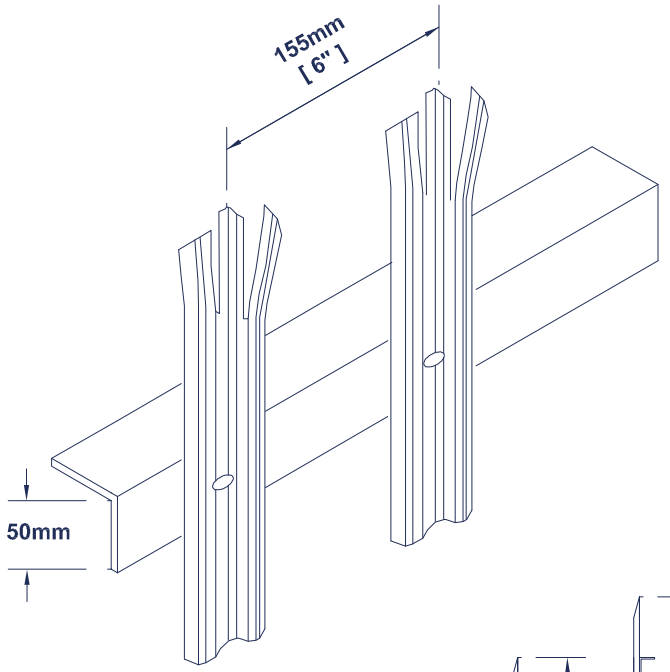
CLAMP: Fish Plate

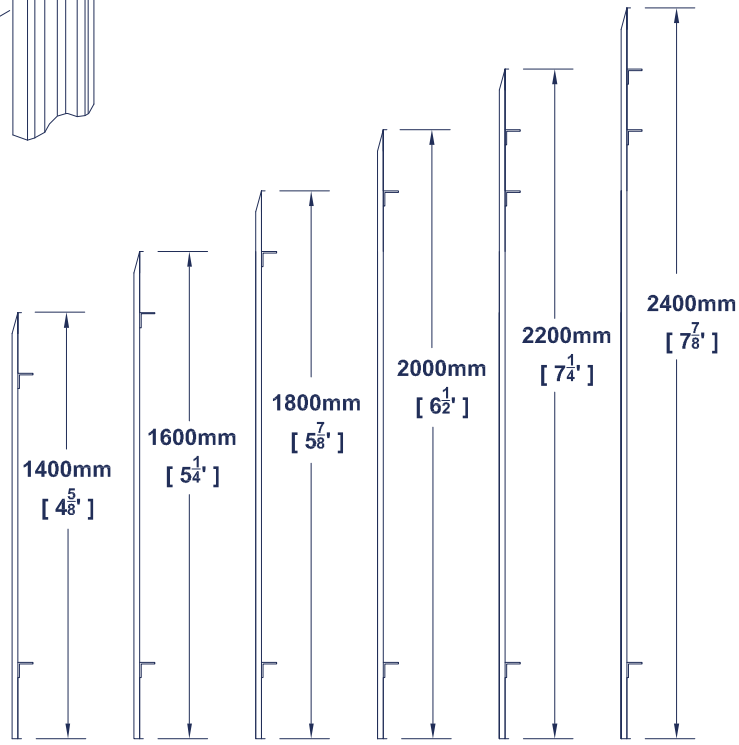
SURFACE: Hot Dipped Galvanized (505g/m²) / Electric Galvanized + Polyester Powder Coated (All colors in Ral)

PALISADE FENCE (W-PALE)

H=2.00M, W=2.75M, W-PROFILE







Height	Width	Pale Type	Pale Thickness	Surface
1400mm [4 5/8']	2750mm [9']	D-Profile	2.0mm [gauge #15]	hot-dipped galvanized
1600mm [5 1/4']				
1800mm [5 7/8']			2.5mm [gauge #13]	
2000mm [6 1/2']		W-Profile		galvanized + PVC coated
2200mm [7 1/4']			3.0mm [gauge #11]	
2400mm [7 7/8']
